

My name is Petrosyan Emin, I'm a sculptor. I teach in National Academy of Fine Arts of Armenia.

I'm very glad that I have an opportunity to refresh and add new knowledge to my English, which is very important for me especially during the International Sculpture Symposium I'm going to participate in this year.

Thank you, Mr.Keith and ISA

My name is Khachartyan Lusine, I'm a student at Graphic Computer Designing Department of Academy. I got a great pleasure from this class. We could practically use the language thanks to our teacher **Zara**, who had an individual method of teaching that is very important in helping to improve speaking skills.

It would be great to have another chance to continue this project in the same atmosphere. Thank you, very much !

ZARA's Class – Spring 2011 Yerevan, Armenia

Our names are Eliza and Lusine. We are studying at National Academy of Fine Arts of Armenia.

We are very happy to have a chance to attend classes by ISA. We dream to visit the US one day, and of course we need English to find a good job here in Armenia.

The course was great, but short and we would like to continue to study the second level.

Thank you Mr. Reggie Keith, ISA and our teacher **Zara** !
