

2 CHRONICLES 3 vs 1

KJV-lite™ VERSES

The Bible is so interesting; even the Old Testament. Remember: when reading the 1st and 2nd Chronicles... we read history and events recorded from the perspective of the 2 tribes of the **Southern Kingdom**, the House of **Judah**;

not when reading 1st and 2nd Kings... where we read the historical perspective of the 10 tribes of the **Northern Kingdom**... the House of **Israel**.

Building the temple (971-931bc),

1 Then Solomon began to build the House of the LORD at Jerusalem on Mount Moriah, where the LORD appeared to David his father, in the place that David had prepared on the threshing floor of Ornan the Jebusite / threshing floors were located on high elevation catching the wind to carry away husks, which answers the location where it was built, on the Temple Mount; maybe where the Dome of the Rock is located – since it has never been excavated.

As for the poorly taught church people in the West who know very little about what the Bible actually says; there is NO need for a 3rd Temple to be built before Messiah comes again in power and great glory. The house of Judah rejected the Messiah when He came exactly when prophet Daniel said He would. There is no need for bloody sacrificial offerings. Zechariah says, when Messiah comes again, He will construct what structure He plans to teach under; Isaiah tells us: it is a Tent, which won't take long to set up, will it?!

2 And he began to build the second day of the second month, in the fourth year of his reign.

3 Now here is the plan Solomon made for building the House of God. Its length in the old measurement of cubits; was 90 feet, and its breadth 30 feet.

4 And the length of front porch that was in the House, was the same breadth of the House, 30 feet, and its height was 180 feet: and he overlaid the interior with pure gold.

5 And the great hall he sealed with fir, which he overlaid with fine gold, and carved on it palm trees and garlands on its walls.

6 And he adorned the House with exquisite jewels: and the gold came from Parvaim.

7 He also overlaid with gold the entire House, its beams, its posts, its walls, and its doors; and engraved cherubim on the walls.

8 And he made the Most Holy place, its length was according to the breadth of the House, 30 feet abroad, and its breadth was 30 feet: and he overlaid it with 25 tons of fine gold.

¹⁶ And he put garlands like necklaces around the tops of the pillars; stringing upon them 100 pomegranates.
