

EXODUS 37 vs 1

Where is Sinai? Is it where we see on most maps; or is it in Midian (modern Saudi Arabia) where Moses lived for years, where he saw the burning bush? And is it the same place where Paul went in Arabia after his Damascus experience; where he received teaching directly from the risen Lord? The **sea of Edom** is where those of **Esau** resettled along the **Red Sea** named after their father **Esau** whose name means: **red**.

Making the Ark,

1 Then Bezaleel made the ark of acacia wood: 45 inches long, 27 inches wide, and 27 inches high:

2 he overlaid it with pure gold inside and out, made a molding of gold all around it.

3 And he cast four gold rings for it, for its four feet, two rings on one side and two rings on its other side.

4 And he made poles of acacia wood, and overlaid them with gold.

5 And he inserted the poles into the rings on the sides of the ark, to carry the ark.

6 He made the mercy seat of pure gold: 45 inches long, and 27 inches wide.

7 And he made two cherubim of gold, hammered work at the two ends of the mercy seat;

8 one cherub at one end, and one cherub at the other end. At each end he made a cherub of one piece with the mercy seat.

9 The cherubim extended their wings on high; they faced each other, and covered the mercy seat with their wings. The faces of the cherubim looked toward the mercy seat.

Making the Table,

10 And he constructed the table of acacia wood 36 inches long, 18 inches wide and 27 inches high:

11 then he overlaid it with pure gold, and made for it a gold molding all around it.

12 Also he made a 3 inch frame all around it, and made a gold molding all around its frame.

¹³ He cast four gold rings, and attached the rings to the four corners of its four feet.

¹⁴ The rings were next to the frame as holders of the poles to carry the table.

¹⁵ He made the poles of acacia wood, and overlaid them with gold, to carry the table.

¹⁶ Also he made the utensils which were on the table, its dishes, spoons, and its bowls, all overlaid with gold.

Making The Lampstand,

¹⁷ Then he made the lampstand of hammered pure gold: he made it all of one piece; its base and shaft, its ornamental cups, and its buds and petals:

¹⁸ Six branches extended from its sides; three branches of the lampstand from one side, and three branches of the lampstand from the other side:

¹⁹ Three cups were shaped like almond blossoms; each with a bud and petals, on one branch, and three cups shaped like almond blossoms. Each with a bud and petals, on the next branch. It was this way for the six branches extending from the lampstand.

²⁰ On the lampstand shaft there were four cups shaped like almond blossoms, with its buds and petals:

²¹ and for the six branches extending from it, a bud was under the first pair of branches from it, a bud under the second pair of branches from it, and a bud under the third pair of branches from it.

²² Their buds and branches were of one piece with it: all of it was a single hammered piece of pure gold.

²³ And he made its seven lamps, snuffers, and firepans of pure gold.

²⁴ He made it and all its utensils of 75 pounds of pure gold.

Making The Altar of Incense,

²⁵ And he made the altar of incense from acacia wood: it was square 18 inches long, 18 inches wide ; and 36 inches high; its horns one piece with it.

²⁶ And he overlaid its top, all around its sides, and its horns with pure gold: he also made a gold molding all around it.

²⁷ He made two rings of gold for it under the molding on two of its sides; he put these on opposite sides to be holders for the poles to carry it.
