Where is Sinai? Is it where we see on most maps; or is it in Midian (modern Saudi Arabia) where Moses lived for years, where he saw the burning bush? And is it the same place where Paul went in Arabia after his Damascus experience; where he received teaching directly from the risen Lord? The **sea of Edom** is where those of **Esau** resettled along the **Red Sea** named after their father **Esau** whose name means: **red**.

Making the Brass Altar,

¹ Then Bezalel made the altar of burnt offering of acacia wood: it was square; 7 ½ feet long, and 7 ½ feet wide; and 4 ½ feet high.

² And he made horns for it on its four corners; the horns for it were of one piece with it: and he overlaid it with bronze.

³ He made all the altar's utensils, the pots, shovels, basins, meat forks and the firepans: all its utensils of bronze.

⁴ He made for the altar a grate of bronze mesh under its ledge, halfway up from the bottom.

⁵ He cast four rings for the four corners of the bronze grate, as holders for the poles.

⁶ He made the poles of acacia wood, and overlaid them with bronze.

⁷ Then he inserted the poles into the rings on the sides of the altar, to carry it with them. He made the altar with supports so it was hollow.

Making the Bronze Basin,

⁸ And he made the bronze basin, and its stand from the bronze mirrors of the women who served at the entrance to the Tent of the assembly.

Making the Courtyard,

⁹ Then he made the courtyard. The hangings on the south side of the courtyard were of fine woven linen, 150 feet long:

¹⁰ including their twenty bronze pillars, and their twenty bronze bases; with silver hooks and silver bands for the pillars.

¹¹ The hangings on the north side were 150 feet long, including its twenty pillars and its twenty bronze bases. The hooks and bands of the pillars were silver.

EXODUS 38 vs 1

¹² The hangings on the west side were 75 feet long, including the ten pillars, and their ten bases; with silver hooks and silver bands for the pillars.

¹³ And for the east side toward the sunrise, 75 feet long.

¹⁴ The hangings on one side of the gate were 22 ½ feet; including three pillars and their three bases.

¹⁵ It was the same for the other side of the courtyard gate. The hangings were 22 ½ feet. Including their three pillars and their three bases.

¹⁶ All the hangings around the courtyard were of fine woven linen.

¹⁷ The bases for the pillars were bronze; the hooks and bands of the pillars were silver; and the overlaying for the tops of the pillars were silver; and all the pillars of the courtyard were banded with silver.

¹⁸ The screen for the gate of the courtyard was made with blue, and purple, and scarlet, and fine woven white linen: 30 feet long, and like the hangings of the courtyard, 7 ½ feet high, expertly embroidered.

¹⁹ It had four pillars, with four bronze bases. Their hooks were silver, and their top overlaying and their bands were silver.

²⁰ All the tent pegs for the Tent, and for the surrounding courtyard were bronze.

Inventory of Materials,

²¹ This is the inventory of the Tent, even the Tent of the testimony, as it was recorded, at the instruction of Moses. It was the work of the Levites under the direction of Ithamar, son to Aaron the priest.

²² Bezaleel son of Uri, son of Hur, of the tribe of Judah, made all that the Lord instructed Moses.

²³ With him was Oholiab, son of Ahisamach, of the tribe of Dan, a gem cutter, a designer, and an embroiderer with blue, and purple, and scarlet, and fine woven white linen.

²⁴ All the gold given as an offering, -- used for all the work of the holy place, 2,193 pounds according to the sanctuary shekel.

²⁵ The silver given by those of the assembly was 7,544 pounds, according to the sanctuary shekel:

²⁶ – 1/5th of an ounce per man that is half a shekel, after the shekel of the sanctuary given from twenty years old and upward, for 603,550 men.

EXODUS 38 vs 1

²⁷ There were 7,500 pounds of silver used to cast the bases of the sanctuary and the bases of the curtain – on hundred bases from 7,500 pounds for each base. With the remaining 44 pounds he made the hooks for the pillars , overlaid their tops, and supplied bands for them.

²⁸ And of the thousand seven hundred seventy and five shekels he made hooks for the pillars, and overlaid their chapters, and banded them.

²⁹ The bronze of the offering totaled 5,310 pounds.

³⁰ And with it he made the bases for the entrance to the Tent of the assembly, the bronze altar, and its bronze grate, and all the utensils for the altar,

³¹ The bases for the surrounding courtyard, and the bases for the courtyard gate, all the tent pegs for the Tent, and all the tent pegs for the surrounding courtyard.

We are grateful to God that the Saudi govt has preserved the Mountain of Moses.
